

Part No.	Description	Weight
581201-65	Liplex EP2 Water proof Grease High Temperature, Multipurpose Automotive and Industrial grease Recommend for general purpose automotive application including chassis & wheel bearings	450g
581201-64	Liplex EP2 Water Proof Grease High Temperature, Multipurpose Automotive and Industrial grease Recommend for general purpose automotive application including chassis & wheel Bearings	2.5kg
EC320	EP C3 Multipurpose Grease	20Ltr
EPC3450	EP C3 Multipurpose Grease	450g
71-020202-30	Drum SINOPEX Water Proof HPXT Grease Suitable for using in automotive wheel bearings & chassis points, particularly those operating under the high – temperature, high – load conditions.	20Ltr

Part No.	Description	Weight
30	CRC 5.56 Multipurpose Spray Can •Penetrant •Lubricant •Water dispersant •Rust preventative	400g
31	CRC Zinc IT Galvanic Rust Protection Spray Can: •Corrosion protection •Factor: 72	350g
CG400	Galmet Cold Metal Protection Zinc rich coating for the protection of steel against rust and corrosion	480g
42034002	Dy-Mark Multi-purpose Lubricant •Penetrant & lubricant •Rust preventative •Displaces moisture	400g
230732006	Dy-Mark Cold Galvanising Coating It is used extensively in metal fabrication and gives superior galvanic protection to new weld joints	400g
